Total Points Earned: _____

We encourage all proprietors and secretaries to fill out an application for as many youth bowlers as may have a legitimate amount of total points, as we will award not only one boy and one girl, but we hope to compile an all-state team in each division. NEW this season, we will be honoring an all-state team from both small centers (12 lanes or less) and large centers.

You are asked to compile points in the categories you can verify locally. The points earned for state-wide events will be entered by the committee. All points earned are on a scratch basis only except the Junior Masters and Queens.

Please include a copy of the bowler's individual record sheet with each respective application.
